

Press Release for 5th Grade

November 5th-9th

Starting Line-up

Reading: This week we focused on making connections to things we read. We talked about text-to-self, text-to-text, and text-to-world connections and why they are important.

Writing: This week students finished up writing, revising, and editing their personal narratives. They also published their work!

Math: We continued working with fractions. We learned how to find common denominators to help us add and subtract fractions with unlike denominators.

Science: This week they finished up their lifeboat experiments. They learned that the larger the boat, the more capacity it has and the more people it can hold.

Social Studies: We took this week to talk about Veterans and Veterans day. Students enjoyed learning and writing about Veterans day.

Upcoming Events

- Food Drive 11/5-11/15
- Blaze Orange and Pink Day Fri 11/16
- NO School 11/19-11/23
- Crazy Hair Fri 11/30

MVP

The kids are doing an excellent job of donating food to the food drive. The 5th graders have collected a total of 100 items for the food drive and we still have one more week! Keep up the good work and don't forget to continue bringing in items! The food pantry really appreciates our donations!
