

Hello from 5th Grade

September 14th-23rd

What's going on

CKLA:

We continued reading some personal narratives. We read about Rosa Parks' famous bus incident. We worked on sensory details this week by doing a virtual field trip. The kids described different things they saw, smelled, heard, felt, and tasted. We obviously couldn't go to Disneyworld for our field trip so the kids had to use their imagination. We did get to enjoy a tasty treat they serve at Disneyworld to help with their taste sensory. We also wrote a surprise narrative and the worst meal ever narrative.

Math:

We finished our first unit on multiplying and dividing. We did some math stations to practice our skills on multiplying, dividing, and solving order of operations. We also took our unit test.

Spelling:

We studied /ou/, /oʊ/ and /oi/ this week. We also identified words on the list that we wanted to investigate further such as prowl, grouse, and loiter.

Mentor Sentence:

We reviewed parts of speech. We also looked at linking verbs and conjunctions.

Science:

The kids were able to play a game to build the longest food chain. We also discussed our vocabulary and big ideas for this lab. They put their first lab notes into their notebook.

Social Studies:

We are exploring the regions of the United States and will focus on the landforms and climate of each region as well as cities and interesting places of each area.

Upcoming Events

- Highlight of the Night - Sept. 23rd
- Conservation Day- Sept. 24th
- Book orders for Mrs. Raether are due on Monday, Sept. 26.

WOW!

The kids were wonderful on the field trip this week. They were respectful and kind to the two people who gave us the tours, as well as the Veterans who were also there looking at the memorials. The kids really enjoyed seeing the monuments and hearing the history of the different wars.
